Handled With	Cattle have been well handled and were nice and quite making them easy to handle in and around the yards. Bikes , Dogs		

Assessor Comments	A good quality line of angus cross yearling steers that offer a great opportunity to buy a line of steers that have all the hard work done, going forward these steers are perfect backgrounders to put on crop or go straight onto to a ration. Steers offer that extra hybrid vigor with the Belmont Red cross with the added advantage of handling the warmer conditions better also as we head into the spring and summer months. Steers are all frame with plenty of leg and stretch making them great future feeder cattle that averaged 367 kgs full at assessment , steers are also currently grass fed eligible and Antibiotic free eligible that really open up so many more markets out the other end when finishing on grass especially for the domestic supermarket grass fed trade or the Export grass fed markets. Steers are well handled and will steam ahead given a rising plain of nutrition. Pleas see another line of heifers for sale that are out of the same mob in this same sale.
