Very respectful and easy to move. Very odd one got a bit agitated in the crush but soon calmed down after being let out. As they have been in containment feeding they are very quiet. Assessor Comments	On offer is 7 quality Shorthorn Steers. 11-12 months old and represent the complete drop. Steers have good bone and shape to be able to pack on the weight if given the opportunity. They have been in containment feeding since weaning due to seasonal conditions which has meant they have kept going forward without getting a setback. Ideal steers to take on and put on crop or feedlot to finish for the trade. At assessment Steers had a weight range on 298-414kg to avg 365kg. Quality Steers you can buy with confidence. Vendor has Heifer sisters and Angus Steers and Heifers in the same sale.
