Vendor Bred

Stock History

Lifetime Traceable

Breeding Comments

No

Vendor has owned stock for 6-12 months

Purchased mothers as cows with calves at foot from Trangie Research Station and these are the calves

100% of cattle in this lot are Lifetime Traceable

Mothers were part of a multi breed trial so a number of different bloodlines were used.

Grazing Conditions

Heifers have been in containment feeding yards since weaning. Fed silage with barley grain being added in recently

Returned same

Burr/Seed in Coat

No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status

The owner declares that the cattle have not been treated with HGP at any period of their lives

Vendor Comments

Quality young cattle that have done well in containment as there hasn't been the feed in the paddock to keep them on the move forward. Steer brothers and Angus Steers and Heifers in the same sale.

Very respectful and easy to move. Very odd one got a bit agitated in the crush but soon calmed down after being let out. As they have been in containment feeding they are very quiet.

Assessor Comments	On offer is 17 quality Shorthorn Heifers. 11-12 months old and represent the complete drop. Heifers have good bone and shape to be able to pack on the weight if given the opportunity. They have been in containment feeding since weaning due to seasonal conditions which has meant they have kept going forward without getting a setback. Ideal steers to take on and put on crop or feedlot to finish for the trade or keep on as breeders for the future. At assessment Heifers had a weight range on 287-417kg to avg 350kg. Quality Heifers you can buy with confidence. Vendor has Steers brothers and Angus Steers and Heifers in the same sale.
