Assessor Comments	Exceptional quality weaner steers showing good bone, length, frame and great disposition. Presenting in strong forward store to fresh condition. Yard weaned & educated 4 to 9 days by sale day they are expected to grow well and perform to their potential on good feed. Assessed in two family lots - 74 by Bauhinia Park Angus & poll Char bulls from Charolais & Char/Charbray and a small number of brahman cows and the second are 54 by Bauhinia Park Angus & poll Brangus bulls from Brangus & Char x cows - all good soft steers. The Glenaras cows are top quality & large frame. The photos show the mob characteristics. Again these steers are very docile and great to handle - and highly recommended.
