Assessor Comments	61 vendor bred breeder quality Angus heifers that display good frame and bone. Heifers sired by Sara Park and Bowen Angus bulls out of Raff Angus blood cow herd. Heifers have been running on native grasses and clovers with access to feed bin with cracked barley and feedlot mineral supplement and would normally be retained for future breeders. Heifers that will perform well on good quality feed and would make ideal future breeders or be suited domestic or export feeder markets. Please note vendor has a lot of 60 steers in the same sale
