Assessor Comments	Annual Draft of the surplus Delhi Downs Spring drop heifers bred out of big roomy females with 30+ years of Glenruben Angus bloodlines behind them. Annually obtaining the lead selection of Glenruben Angus sire selection, these heifers come from a herd with a proven track record as noted performers and would complement many herds as potential future breeders. Properly yard weaned these heifers were a pleasure to handle throughout the assessment process as is the norm with the Delhi Downs cattle. This offering have had a small tail removed and present with length, bone and shape. Never Ever Accredited and/or PCAS Grass Declaration available at purchasers request.
