Assessor Comments	A good draft of vendor bred yearling steers that have responded to a recent drench and improved nutrition. Hay paddocks now need to be locked up and steers need to go. Breeder buys only in the top 10% of Alpine Angus's sale (10yrs) and the cattle reflect that investment. 400 & 600 day growth is always a key criteria when selecting replacement bulls. Greenhams NE acc and all eyes would pass feedlot induction protocols.
