| Assessor Comments | Buyers, here is a great opportunity to purchase weaned, young Angus cross heifers that are extremely quiet to handle. These heifers present in good store condition averaging 221kg with no heifers being retained. Heifers have nice length of body with plenty of femininity and softness. Heifers show nice volume with depth of flank. Heifers only young being 7 to 9 months old. Heifers are out of medium to large frame Brahman cross cows by stud Angus & Sim Angus sires. Heifers are extremely quiet to handle being worked through yards daily and tailed since weaning. This is a good line of heifers ready bounce away on some fresh feed. Vendor has steer line in same sale. |
