Assessor Comments	Buyers, here is a great opportunity to purchase weaned, young Angus cross steers that are extremely quiet to handle. These steers present in good store condition averaging 230kg. Steers have nice length of body with bone and room to grow out. Steers show nice volume with muscle and only being 7 to 9 months old. Steers are out of medium to large frame Brahman cross cows by stud Angus & Sim Angus sires. Steers are extremely quiet to handle being worked through yards daily and tailed since weaning. This is a good line of steers that are ready to bounce away on some fresh feed. Vendor has heifer line in same sale.
