	Well handled steers. Yard weaned for a fortnight in April. 5 steers were agitated through weighing in a very confined set of yards. Quiet when in the mob and when photographing in the paddock.																		
Handled With	Bikes , Horses , On foot , Vehicles																		
Assessor Comments	2 decks of outstanding quality vendor bred, Knowla verified, grass fed eligible steers. Yard weaned for a fortnight in April and punching along on crop over the winter. These steers stand on good bone and have the depth and growth to suit any Angus export program. Electric fence trained. This is the lead of the draft, vendor has a small lot of younger steers in the same sale. Come highly recommended.
