| Assessor Comments      | 13 very good quality vendor bred, grass fed eligible steers. Yard weaned for a fortnight in April and punching along on crop over the winter. These steers stand on good bone and have the depth and growth to suit any Angus export program. Electric fence trained. This is the younger draft of 2 lots in the same sale. Nice tight weight group 280-320kg at assessment. Ideal for small holding or add into larger operation. |      |       |                         |   |                |
