Assessor Comments	A neat line of NSM Shorthorn heifers that would suit any enterprise. These heifers ranging from 320-422kg curfewed are ideally weighted to either carry forward into the Spring and and join to a bull of your choice, or meanly go onto feed to hit trade/export weights given the opportunity. These heifers come out of a closed herd and top draft Shorthorn cows. Heifers portray great length of body and are heavy boned, showing great potential into all markets.
