	Quiet: 10 head		Quiet: 10 head	
	Heifers were excellent to handle being drafted and vaccinated over two times handle with no issues			
Handled With	Dogs , On foot , Vehicles			
Assessor Comments	A draft of Merridale And Raff Angus-influenced Angus spring drop Heifers from Ross Jarvis. Heifers displaying excellent growth, length, bone and overall softness, with genuine performance and appeal. These cattle have been bred to perform, carrying strong shape and natural thickness, out of large-framed Merridale blood cows and carefully selected bulls with positive EMA, 400-day and 600-day growth figures. The result is a consistent line of steers with strength, capacity and excellent weight-for-age potential. The vendor has selected this draft from their spring turnoff and prepared them exceptionally well for sale. Heifers have been yard weaned for 7 days and educated onto hay, presenting quiet, settled and ready to continue forward. A genuine Upper Murray line of Angus heifers with the breeding, temperament and performance genetics to suit breeding or backgrounding specifications.
