Assessor Comments

Buyers a great opportunity to secure a 2 deck line of Vendor bred lightweight weaned ,store condition Angus heifers. All the hard work is done, fully weaned and educated and ready to power ahead on good feed with plenty of compensatory gain to be had. Bred out of good framed Angus cows by JT Clift ,Booramooka andTevoli Angus bulls. Heifers were early weaned over a few months due to seasonal conditions and trucked to vendors Qld Property. Ideally suited to join this spring as the majority show good bone and shape with all the feminine characteristics to be an asset to most breeder herds alternatively they are perfect to take through to the lucrative Angus Premium feeder market. Please note six have blight scarring in one eye not considered detrimental and some showing signs of lice rub marks.Vendor has 5 other lots this sale to help with freight.
