| Assessor Comments      | A good quality line of Angus x Angus steers. These Steers display good length, frame and bone for age. With all the hard work of weaning and being taught to eat feed out of feeders done, these steers still offer the potential buyers plenty of compensatory gains. Cattle are only for sale now due to on going drier seasonal conditions in the area. Steers would suit any potential buyers looking to grow out to domestic/heavier feeder weights or export slaughter weights. Please note Vendor also has a lot of heifers available in this sale. |
