| Assessor Comments      | 27 outstanding quality vendor bred Black Baldy steers, 11 to 13 months. These steers are currently on crop and just starting to really hit their straps. All cattle are up to date with health treatments, and showing plenty of weight shape and bone. Cattle are normally held back as feeder or fat cattle. When cattle are presented to processors or in yards they are keenly sort after, these cattle come with my highest recommendation. |
