Assessor Comments	A quality line of flat back heifers that are very quiet and well educated. Suited to background for the feedlot trade. Weaned and prepped ready to go on and perform. They are offered delivered clear of the dip Emerald, Gracemere and Moura. Pre treated with dectomax injectable. They were weaned 8 weeks ago and have been on a silage ration with no grain in a dry buffel paddock. They have been locked up for 10 days for ease of clearing to clean country. This is an excellent quality line of females that I highly recommend. If you have any queries please don't hesitate to call.
