	Heifers worked well through the yards and were a pleasure to handle. A very small percentage of the heifers became unsettled in crush and when pressured and preg tested which is common behavior for weaners, But settled once back in the mob.									
Handled With	Bikes , Horses , On foot , Vehicles									
Notable Traits	Traits 5 Head lice rub 3 Head Minor blight scarring, Treated at assessment									
Assessor Comments	Buyers, on offer are 102 VGQ Angus and Angus cross weaned Heifers. Heifers stand on good bone showing plenty of length, depth and softness while still showing very good femininity. Heifers could be taken through to heavier feeder weights or kill weights at a young age suiting all the Domestic and Export markets with the majority suiting the Angus markets. These heifers would also suit restockers looking to build up breeder numbers and join to a bull of your choice in the coming time.
