These heifers followed through the yards easily on assessment, as a mob in the yard after weighing the heifers were slightly uneasy but become settled after a moment left alone

Assessor Comments A line of 21 Charolais cross heifers which have excellent frame and bone. These heifers were bought from Roma saleyards from Golden Grazing, and have been backgrounded on vendors property. These heifers were purchased PTE in April and have had no access or exposure to bulls since. All heifers were mouthed with 2 tooths and the balance milk tooth. These heifers overall present in the perfect condition and breed to have great compensatory gains.
