Assessor Comments	Buyers a very nice line of predominantly straight Angus heifers for your competition, these heifers present in a healthy strong store condition and would tidy up exceptionally well if given the opportunity to on good feed. These heifers present possess all the right attributes to grow out into beautiful breeder cattle or equally would make terrific trade heifers. The heifers present in ideal condition to purchase with plenty of compensatory gain on offer for the successful purchaser. The heifers are bred out of a good quality, very functional, fertile herd that possesses predominantly straight Angus cows with a hatful of cows that still carry the slightest of Santa influence. This is a line of very well bred females that will continue to grow and perform when given the chance. This particular run of heifers had been ear marked to be grown out but due to the seasonal conditions they are now for sale, an opportunity not to be missed
