Handled With	Steers are nervous and stick together in the yard due to limited yard handling since weaning. The longer in the yard while drafting the more they settled. Steers need to be steadied through gateways. More handling through the yards steers should settle down. Heifers muster well, walk together with limited trotting Bikes , Vehicles
Notable Traits	Traits 8 Head Blue eyes
Assessor Comments	EU 63 Weaned Angus steers. Present in store condition ready to keep going forward. Yard weaned for a week and put on to oats crop. Out of first calve heifers purchased from Craiglea Pastoral - Blayney Note: 3 steers with fresher brands were castrated at weaning over 2 months ago
