Notable Traits	Traits 6 Head Blight scarring in 1 eye 5 Head Injection lump 1 Head Warts head 13 Head White on udder			
Assessor Comments	A line of Angus heifers that are excess to requirements & would suit a backgrounder to take on to feeder weights or grown out to suit a grass slaughter programme, they could also be classed further for potential breeders. These heifers are well handled & are good to work in the yards. Vendor would normally grow out to feeder weights but selling early due to seasonal conditions. Please note the vendor has another 37 Angus & Angus x heifers same sale.
