Assessor Comments	13 Vendor Bred, Good Quality Angus NSM Heifers being sold due to the seasonal conditions. Heifers are all Speriby North Bloodlines and not carrying any excess condition following winter and short feed. All heifers were mouthed with all showing milk teeth. Heifers weighed 150kg to 198kg to average 180.5kg following a large curfew. Good line of 1 brand quality Angus Heifers with great bloodlines behind them and a known doing ability that will move forward if given the opportunity of better nutrition. These are the younger sisters of the main line in the same sale.
