Assessor Comments

A small but very good quality line of vendor Bred Angus & Angus/Hereford cross Yearling steers, Bred from a large framed cow herd and were sired by Highland Court Angus bulls. Steers present in great forward condition coming off an Oat crop that are all frame and will excel in Feedlot environment or make excellent backgrounders that will target weights quickly. Steers show thickness, length & stand on good bone providing many options later on, ideal feeders for a short or a long fed program or finish on grass for the export grass fed markets. Steers are grass fed eligible and Anti Biotic free with a declaration available. Quality bred steers, don't miss..
