Assessor Comments	21 *EU* Grass fed and Antibiotic free Angus Heifers, 11 to 12 months of age. NSM. The Ireland cattle are rarely offered to the open market and are traditionally grass finished for the domestic and export markets. These heifers stand on good bone and have a wealth of breeding behind them which shows through. They would be ideal to take on as future breeders alternatively they would make wonderful feeders or put onto crop to grass finish. Vendor will sign a grass dec if required. Highly recommended. Odd heifer with small scarring in eye.
