	1 Head active pink eye																					
	2 Head lice rub on neck and brisket																					
	5 Head single side eye scarring																					
Assessor Comments	A single deck line of vendor bred weaned, predominately black steers, (deck of heifer siblings available in this sale). Sensible steers that are on the do despite very trying seasonal conditions and are considered suitable to background to export feeder weights, or fatten to high quality grass/grain specs. There are 5 red steers, one broken baldy, and two blue roans with the balance considered suitable to fulfill angus feeder specs.
