	Good quiet cattle. Those that were slightly stirry only got that way when seperated from the mob or on their own in the crush.

Notable Traits	Traits 1 Head Slight ring worm																		
Assessor Comments	A very nice line of young heifers, that carry a lot of bone. They are from breeders, vendor purchased from Western Victoria and the Parkes district of NSW. They are in store condition and have not seen bulls. They would make ideal fatteners for the local trade. Average 262kg. Vendor is offering another 2 lines of heifers this sale. Full drop. No heifers are being retained for the breeder herd, due to seasonal conditions.
