	These steers were good to handle in the yards but just needed steadying through gateways. A small percentage became agitated in the crush but settled as soon as they were back in the mob.		
Handled With	Bikes , Dogs		
Assessor Comments	A line of predominantly Santa and Santa cross steers that have had a tough start to life due to dry conditions but are healthy & gaining weight daily. These steers will take off if given an opportunity on good feed. Please note 8 steers show signs of ringworm & 2 steers have sore eyes which have been treated.
