Assessor Comments	Buyers, this is a nice line of soft Angus steers that show great breed type averaging 352kg. Steers have good volume with spring of rib show tremendous softness. These steers stand on good bone with plenty of length. Steers are well bred being out of large frame soft Angus cows by stud Angus sires. These steers worked very well through yards and were great to handle. This is a great line of steers ready to bounce away on some good feed. Note 1 steer has old spot of blight scaring but not detrimental. 2 steers have small white marks on purse.
