Assessor Comments	Buyers, here is a very rare opportunity to buy genuine straight Hereford steers with a wealth of breeding averaging 324kg that are normally sold as EU MSA bullocks. These steers show tremendous bone with depth of flank, volume and deep soft muscle. These steers have great length of body with good breed characteristics. They are bred out of medium to large frame soft easy doing Hereford cows by top quality stud Talbalba & Devon court sires. Steers worked well through yards. This is a great line of steers that have proven MSA data and breeding.
