Assessor Comments: An Excellent quality line of vendor Bred Angus x Angus Yearling Heifers, bred from a line of quality angus cows with bloodlines including Rennylea and Texas angus. Heifers were sired by Glenavon and Texas Angus bulls. Heifers are an ideal joining article, coming off improved pasture an a Oat crop these young females present in good forward condition coming out of winter and are just starting to clean up in the coat. Heifers were selected over 280 kgs and weighed up to 376 kg to average 316.7 kg full, bringing them to perfect joining wights for the upcoming season. Heifers are soft easy doing feminine types that will continue to grow out given the opportunity to make very good quality future breeders. Heifers are more than suitable for any angus trade backgrounding or finishing program but it would be a shame to see these lovely females go any where but the breeding paddock. Beat the rush and secure these quality replacement females that are ready to join to the bull of your choosing.
