Assessor Comments	A rare opportunity to purchase top shelf, breeder quality, Registered Stud Angus Heifers. These heifers were treated with Estroplan on the 15th July to ensure they are empty to join to the bull of your choice. They show excellent weight for age, maturity, type and temperament making them an asset to any breeder herd. Vendor is consistently buying bulls in the top price bracket along with now using Artificial Insemination to some of the leading sires and genetics available and the quality of these heifers is a testament to this. Only a very small portion of this years heifers has been retained by the vendor as replacement breeders leaving a very good to excellent quality line of future breeders for your competition. Vendor is willing to transfer heifers to purchaser at purchasers cost. PLEASE NOTE; One heifer is not Stud Registered and is ineligible for registration. .
