These steers are very quiet and sensible in a larger yard. A few stressed in head bale however settled on their release

Handled With	Bikes , On foot
Assessor Comments	Very well bred Angus by Angus Steers. Good quality, noted doing steers that are expected to weigh 407kg @ delivery. Bunk trained at weaning and now running on an oats crop it is thought they would go straight on to feed in feedlot conditions or would certainly be suitable to take through to heavier kill weights. .
