Assessor Comments This is a very attractive mob of 44 steers. They display tremendous thickness, shape and length with plenty of bone. They are really soft steers in fresh condition with clean healthy coats. Bred by Stud Angus Sires and out of large frame home bred cows. Great young steers to handle and should wean well. Ideal cattle to meet local trade markets or heavy export market - Grass or Grain. They are up to date with their vaccinations and ready to “Fire into Spring”. There 2 broken face black baldy steers. Having been bred in the Upper Hunter they should thrive in a wide variety of locations and environments. Vendor Bred, Antibiotic Free and Grass Fed.
