Assessor Comments

On offer an excellent quality line of Angus heifers. Heifers are bred by Argyle bulls. Breeding of bulls include Lawsons, Millwillah, Granite Ridge & Clunie range. Heifers show good type and shape These heifers are growing well and would be a great addition to any herd. Vendor had full intentions of keeping heifers and using as long term breeders however due to a change in farm program he has decided to sell. Note there are 3 heifers have white on the underbelly forward of the udder, approx 30% of heifers have ringworms on face & neck, 20% displaying rub marks, refer to photos.
