Assessor Comments	Second draft of the Cassella Family's cattle. Very good line of feeder steers. Originally weighed out in to weight ranges the day before assessment from 380kg to 420kg these were assessed on a long 20 hour curfew. Of this lot assessed it was noted that three head had warts on the neck, one had an eye treated in the yards (if eye is a lot worse at delivery it will be removed), one cloudy eye and one with a very light scur. Very good quality cattle that come highly recommended.
