	Steers are extremely quiet and easy to handle during the yarding, drafting and weighing process. These cattle would be ideal for any level of stock handler		
Handled With	Bikes , On foot , Vehicles		
Notable Traits	Traits 1 Head Old Eye Scar 4 Head Recovering Ringworm		
Assessor Comments	A small, quality line-up of exceptionally quiet, well mannered and easy to handle steers, backed by top-end Table Top Angus genetics and impressive weight for age. These cattle have been bred with a clear focus on structure, frame, docility and performance, with the vendor placing a strong emphasis on producing cattle that are easy to handle and capable of performing across a range of markets. Regular handling under low-stress stock-handling practices has resulted in a genuinely quiet line of cattle. The steers are often yarded quietly on foot or simply by being called, demonstrating the outstanding temperament that comes from a consistent, low-stress environment. They are exceptionally user-friendly and suitable for all levels of stock handlers. The vendor has continued to breed cattle with the versatility to target feedlot entry weights or grow on to heavy export bullocks. Their consistency and performance have seen these cattle attract repeat buyers year after year. With spring feed now in full swing, these steers are ideally positioned to make the most of the fresh green feed. Backed by quality genetics, excellent structure and strong weight for age, they have every opportunity to really excel and put on the kilos. Grass-fed only, antibiotic-free. Please see media for full satisfaction		
Assessor	Georgia Sampson (Level 1 Accredited) Phone: 0435 805 354		
Delivery Period	26/09/2026 to 02/10/2026 (7 days)
