Assessor Comments	A classy line of angus heifers off Millwood Pastoral. Heifers are pure Dunoon Angus blood with sires selected for High Growth, IMF and EMA. The Millwood Pastoral cattle are proven within both grass and grain based finishing operations, with excellent performance and carcass data being received over many years. Notable results in particular have come through the JBS Farm Assurance program with consistent high end marbling and MSA results achieved. Heifers present an ideal opportunity to join to a bull of choice or to grow out to feeder/slaughter weights. All heifers have been individually DNA tested via the Angus Australia Heifer Select program and data can be provided to successful purchaser upon request.
