Assessor Comments	150 GQ Vendor Bred Santa & Droughtmaster Cross Heifers. These Heifers have Good Bone, Length, Depth & Frame for their Age, with Sound Feet & mostly Tidy Heads. They are from a Highly Regarded Herd & are ideal to finish off to slaughter weights on Grass, Crop or Grain. Take note of the compensatory weight gain available in these Heifers. Heifers are very good to handle & they have the added benefit of being bunk trained. All Heifers are genuine Calender Branded, with 25 x No.5's & 125 x No.4's. The No.4 Heifers were mouthed with 83 x solid Milk Teeth & 43 x Two Teeths (some only breaking Two Teeth). Heifers were 100% weighed & assessed after 16 hours off feed & water. They were all PTE with a reproscanner by Madison Godfrey at assessment (very competent non vet contractor, happy to sign certificate if required). Factor above traits into your bidding. Vendor has another 2 mobs of lighter Heifers in the same sale. Vellum is Prickly Acacia Free. Heifers will be sold cents per kg off scales Winton after 12 hours off feed & water.
