Assessor Comments	A good line of heifers presenting in forward store condition. These cattle are well grown for age, averaging 465kg at assessment, with a weight range of 435kg to 524kg. These heifers show good frame and condition to continue on to heavier weights. They would be well suited to backgrounding or feeder markets, with the option to retain some as future breeders. A genuine line of tidy heifers with good weight and doing ability.
