Assessor Comments	Buyers, here is a tremendous line of vendor bred EU replacement breeders showing great breed characteristics. These heifers have fantastic volume, length and thickness, while still showing femininity. Heifers have great weight for age standing on good bone and oozing softness. Heifers are bred for fertility and daily gain being bred out of large frame Angus cows by stud Angus sires. Heifers are extremely quiet to handle both in yards and paddock. This is a great chance to secure top quality replacement breeders. Heifers are grass only eligible and antibiotic free. Note 2 heifers have small old blight scaring but not detrimental. Odd heifer small white marks on underline.
