Assessor Comments	A nice little line of Angus X heifers. Heifers are July/ August 2025 drop and were Weaned back in February, they are very quiet calves to handle. Worked around the yards with little to no fuss. Heifers present in forward condition and will grow into			

heaven feeder or kill weights in no time with the excess spring feed around the district. Would be a very attractive line to put away and grow out, If you have the grass they will not disappoint.
