| Assessor Comments                     | These heifers are the ideal article to either join or take on to fatten further. They were purchased off APlus when our season was turning to grow out. They are a pleasure to handle in the paddock as well as the yards. There are 2 marks in the mob. Unfortunately there was a Wagyu weaner bull noticed in the mob for 3 days but they have all had a PG vacc for buyer confidence. Please note at assessment 3 eyes noted white belly 4 a 4 with a small amount of warts (refer Photos). |     |                         |
