Assessor Comments: Ballangeich Angus are prions to be offering 36 September & October drop, EU accredited, Angus steers. These steers weighed between 237 & 323kg and averaged 297kg at assessment. The Sambell Family are very strict on there breeding program, having selected Sires with high IMF, LMY and Growth. They are also very critical on their retained breeders, removing any females that lack doing ability and structure. Yard weaned since March, Over the last 6 weeks these cattle

	have been gaining weight and represent an opportunity for a late spring background or enter a feed system.
