Assessor Comments	This is a small line of well bred Angus heifers, suitable to take on as future breeders or to fed on to heavy kill weights. Showing excellent length stretch and frame for there age. Vendor always has a small line of steers and heifer this time of year as he spreads his calving out. Quality well bred cattle heard with focus on quick growth and weight gains. These cattle always preform extremely well when placed on hard feed as they are raised on light Mallee country. The vendor has a small line of steers is this sale as well which may help with trucking. Highly recommend these cattle.
