Assessor Comments	Buyers a great opportunity to secure a 3 deck line of Vendor bred lightweight weaned ,store condition Angus and Angus /ultrablack steers. All the hard work is done, fully weaned and educated and ready to power ahead on good feed with plenty of compensatory gain to be had. Bred out of good framed Angus cows by JT Clift and Tevoli Angus bulls. Steers were early weaned in May/June due to seasonal conditions and trucked to vendors Glenmorgan Property, they have since been grazing a short failed oats crop . Ideally suited to take through to the lucrative Angus Premium feeder market. Please note One steer has white spot on shoulder, six strers have old blight scarring in one eye, several have old ringworm spots, 1 has warts on head and quite a few showing lice rub marks and would benefit from a drench. Vendor has 2 other mobs this sale to help with trucks.
