Assessor Comments	A good line of Santa Hereford heifers that are out of one of the Northern Rivers most reputable breeding herds. Heifers are genuine first cross out of very good quality Hereford cows and are sired by Yulgilbar Santa bulls. Heifers have been yard weaned and given approximately 60 days on a silage ration and present in good order but not over done. The Fletcher cattle carry a strong reputation for making high class breeders and have topped APL feature weaner sales on numerous occasions. A line not to be missed.
