Handled With	cattle are well handled with dogs and horses. Weaners were drafted off mum and than redrafted at assessment. Generally the weaners were good to handle in the yards and crush			
	Dogs , Horses			
Assessor Comments	A nice line of Angus heifers Sired by Glenavon & Wattletop Angus bulls out a well performed cow herd. Heifers are generally true to type with sound confirmation. Heifers show good growth for age and softness allowing the purchaser to target feeder or grass finished markets in the future. These heifers are well bred and given the right opportunity will continue to go forward.
