Assessor Comments Buyers on offer today is a double of well-bred Angus females that are well grown and ready to perform given any enterprise you throw at them. These are the next draft and average 380kg at assessment. They are mainly bred from a herd of large frame Thompsons Blood females that are renowned for growth and structure. The balance of these heifers was purchased out of Glen Innes in March. These heifers would ideally suit a Wagyu program or be joined back to the bull of your choice. Please call for any more info. Note top draft also in today's sale 76 head that averaged 425kg at assessment.
