| Assessor Comments             | A/c K2 Livestock, offer an excellent line of 26 Angus yearling heifer, 13–15 months of age, sired by Ardrossan & Table Top Angus bulls. The heifers present in predominantly prime condition, with a weight range at assessment of 380–532kg, averaging 423kgs at delivery. I would describe these heifers as true-to-type Angus, with docile temperaments. They are well grown for their age and have the quality and conformation to make top future breeders. Alternatively, they have the frame and maturity to power ahead on quality feed. |     |                         |
